Report electronically validated by Marika Pelser

**EXPLANATORY NOTE**

The test certificate shall not be reproduced except in full, without written approval of the laboratory. The results are only valid for the sample as received.

The uncertainty of measurement for the applied methods of analysis are retrievable from the Customer Service department.

Opinions and interpretations in this certificate are outside the scope of accreditation.

The samples will be stored until 21 days after the date of reception. The samples are not stored for microbiological analyzes, unless otherwise agreed with the customer.

The analyses that state -M after the reference method should be interpreted as equivalent to the aforementioned reference method.

The tests identified by the two letters code HE are performed in laboratory Eurofins Food Testing Netherlands B.V.. The symbol (#) identifies the laboratory is performing but not issuing the certificate. Tests with (Q) identify tests with accreditation ISO/IEC 17025: 2017 RvA Testing L154.

The tests identified by the two letters code FF are performed in laboratory Eurofins Analytico B.V. The symbol (#) identifies the laboratory is performing but not issuing the certificate. Tests with (Q#) identify tests with accreditation NEN EN ISO/IEC 17025: 2017, RvA L010.

The tests identified by the two letters code RM are performed in laboratory Eurofins Food Testing Rotterdam BV. The symbol (#) identifies the laboratory is performing but not issuing the certificate. Tests with (Q#) identify tests with accreditation EN ISO/IEC 17025:2017 RvA Testing L076.

Data provided by the customer may affect the validity of the results.
